

thinking is the  
processing/creating &  
destroying of  
forms & symbols  
through experimen-  
tation (different  
vibrations of  
possibilities)

The only thing to  
fear is the  
vibration of fear  
& abstractions/  
hallucinations you  
give your  
attention to.  
Fear & worry =  
misuse of  
pronoia
